### WATERSPOUT HITS IN BAKER COUNTY MONDAY

MUCH DAMAGE IS DONE BY STORM—TRAINS DELAYED BY WASHOUTS.

BAKER, Ore., July 7.—Baker was visited by a violent thunder storm, wind and rain storm last evening, while reports from many sections of Baker county tell of damage to crops and roads. The same storm at Weatherby, on the O.-W. R. & N., washed out the railroad tracks on the main line and caused what will be a delay of several hours in train service.

The storm at this point was an actual waterspout, with hay and grain absolutely ruined and much damage done to roads. Cattle in many parts of the county were struck by lightning, but no persons were killed, according to present reports.

A freak of the storm was the violent purple color of the lightning, which was of the "zig-zag" variety, and which kept up here for several hours. The storm is one of a series of somewhat similar storms which have continued almost daily for the last week, though the one yesterday seems to have been the most violent.

Will Teach Girls to Become Mothers. SEATTLE, July 7.—The Seattle school board is considering a petition that a course for girls in the care and treatment of babies be added to the local public school curriculum.

### WANTS ALL HOLIDAYS TO FALL ON MONDAY

CLEVELAND, July 7.—"All holidays on Monday" is the plan which has been worked out by J. F. Hutton, an official of the Cleveland waterworks department. Hutton would also rearrange the distribution of holidays so they would fall at approximately regular intervals instead of in groups as is now the case. Hutton points out that his plan would be welcomed by all workers because ten times each year it would give them a short vacation of 2 1/2 days. Employers would also endorse it, he thinks, because a holiday which falls in the middle of the week hampers their work.

Washington's birthday under the proposed scheme would fall on the first Monday following February 22, Lincoln's day would be transferred to the first Monday in April. Then would follow Memorial Day on the last Monday in May, Independence Day the first Monday in July, and civic day the first Monday in August. Labor day would fall on the first Monday in September as it does now. Columbus day on the second Monday in October and Thanksgiving on the last Monday in November would complete the list except Christmas and New years which Hutton would leave unchanged. With the help of progressive associates Hutton will attempt to have his plan framed into a bill and introduced at the next session of congress.

### PAROLE GIVEN CONVICT PUT ON PAROLE IN 1909

### LOCAL AGENT SHOULD RECEIVE CREDIT ALSO

T. F. O'BRIEN OF O.-W. R. & N. PRAISED FOR HELP IN CATCHING BANDITS.

In the list of those deserving credit for the capture of the O.-W. R. & N. train robbers, Clarence Stoner and Albert Meadows, mention should be made of the name of T. F. O'Brien of the O.-W. R. & N. Though he didn't belt on a cartridge belt and take the trail of the bandits, he was on the job from 2 o'clock Thursday morning until the capture and then some.

Chief Special Agent E. B. Wood, who, with Sheriff T. D. Taylor directed the search and later secured the confessions, declares O'Brien rendered invaluable services in keeping the wires hot with messages. Descriptions of the escaped robbers were flashed to every section of the north-west and every incoming clew was followed up by him through the tangle. He went almost without sleep from Thursday until Sunday in order to be ready to help the officers and besides haunting the operators' room, he made several visits a day to the hospital to see the wounded deputy sheriff and see that he wanted for nothing.

Yesterday Agent O'Brien was busy most of the day checking up the recovered booty.

A Good Investment. W. D. Magill, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. ### JIMMY MENSOR IS AGAIN IN A BUCKAROO UNIFORM

SNAPPY LITTLE PLAYER WILL BE IN THE GAME THIS AFTERNOON.

Jimmy Mensor, brother of Eddie the Pirate, erstwhile of the Buckaroos and ex-Bear and with a pretty good individual ball player, is again on the Pendleton squad. He arrived this morning and will appear in the line-up this afternoon to fill the shoes of Clark Varian, whose injured heel may keep him out of the game the rest of the season.

Mensor is a fast and sure outfielder and can play the infield in a pinch. He is a fair batter and, under Lodell's direction, should prove a fit substitute for Varian.

The games this week with the Baker Cubs will not commence until 4 o'clock on account of the chautauqua programs which start at 2:30. King and his youngsters arrived last night from Baker and are in good condition to give the pennant chasing Bucks battle. They have not forgotten that they were beaten five out of six in Baker recently and are out for revenge. The Bucks on the other hand, are keen for that pennant and will try and make their percentage stronger this week.

An interesting tale of the relations of the constitutionalists of Mexico with "Big Business," as represented by Henry Clay Pierce, the oil magnate, and Charles H. Flint, has been published. Sherburne G. Hopkins, a Washington lawyer, it is said, has traveled in Mexico for Pierce, who has large oil interests there. ### Surprising Cure of Stomach Trouble.

When you have trouble with your stomach, or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want. For sale by all dealers.—Adv.

The assassination of the heir to the Austrian throne is the last of a long chain of tragedies in the Hapsburg family.

In his new life of the Emperor of Austria, Francis Gribble records that the earlier years of Francis Joseph's reign were marked by cruelties.
